FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator**, the **Office of Administration**, **Division of Budget and Planning**, and the **Department of Conservation** assume this proposal would have no fiscal impact on their organizations.

Officials from the **Office of the Secretary of State** (SOS) assume this proposal would call for an election. Statewide newspaper publication of state statutes would cost approximately \$1,752 per column inch based on an estimate provided by the Missouri Press Service; and three printings are required by the Constitution and state statute. SOS estimates the total number of inches for this amendment would be 10 inches including title header and certification paragraph. ($\$1,752 \times 3 = \$5,256$ x 10 = \$52,560). If a special election is called for this purpose rather than at a general election, the cost of the special election has been estimated to be \$1.2 million based on the cost of the past two such elections.

Oversight assumes the proposition would be submitted to the voters at the November 2006 general election rather than at a special election.

ASSUMPTION (continued)

Officials from the **Office of the Attorney General** did not respond to our request for information.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal would propose a constitutional amendment requiring a two-thirds majority for voter approval of initiative proposals relating to harvesting bird, game, wildlife, and forestry resources.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
